

Cancellation of Registration Request

Use this form to cancel your teacher registration.

Please be aware that once your registration is cancelled, you will need to re-apply for registration if you want to return to teaching. If you re-apply for registration, you will need to submit all supporting documentation and pay any fees due, before you can return to teaching.

If you think that you may wish to return to teaching in the future, you may consider applying to move to Non-Practising Registration rather than cancelling your registration. Non-Practising allows you to retain teacher registration with the TRBWA indefinitely as long as you are not teaching, continue to pay the annual fee and comply with your obligations as a registered teacher.

Please send your completed and signed form to the TRBWA:

Having a break from teaching?

If you currently hold Full Registration or Provisional Registration, and you do not intend to teach for a period of time, you may consider applying to move to the Non-Practising Registration category rather than cancelling your registration. Non-Practising allows you to retain teacher registration with the TRBWA indefinitely as long as you are not teaching, continue to pay the annual fee and comply with your obligations as a registered teacher.
